TELEPHONIC INTERVIEW SUMMARY

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Commissioner:

On May 21, 2009 Applicants' representative Ron Laby spoke telephonically with Examiners Keith Robinson and David Kruse, regarding obviousness rejections over Wilcox (*Crop Sci.* 38:900, 1998) individually and in view of Conway (U.S. Patent 6,140,556).

Applicants' representatives reiterated, as discussed in the response filed November 18, 2008, that the claimed invention was not obvious, and further pointed to Wilcox (*Crop Sci.* 38:1536-1540, 1998), recently cited, as demonstrating non-obviousness. No agreement on allowable claims was reached in view of the obviousness rejection. The Examiners requested

that arguments relating to this Wilcox 1998 reference, or other references cited after issuance of the final rejection, be put on record. Applicants would like to thank the Examiners for the time taken for the call.

Respectfully submitted,

/Ron J. Laby/
